

The Yobe Chamber of Commerce, Industry, Mines and Agriculture (YOCCIMA) President and his team representing investors and private sectors visited the Yobe State Agency for Public-Private Partnership and Investment Promotion (YAPPPIP) . The meeting aimed to strengthen partnerships and explore ways to collaborate on promoting investment and economic growth in Yobe State.

During the meeting, both parties identified challenges and bottlenecks hindering investment promotion, including difficulties in acquiring CFO forms and attracting foreign direct investments. The Director-General of YAPPPIP acknowledged these challenges and promised to take action to address them. He also informed YOCCIMA that Yobe State is undergoing reforms across various Ministries, Departments, and Agencies (MDAs) to improve the business environment and ease of doing business for investors. He assured them that these reforms will create a more favorable business climate, making it easier for investors to operate in Yobe State.

The meeting also involved sharing promotional materials with YOCCIMA for distribution to investors and referring them to YAPPPIP's website for further information. The YOCCIMA President suggested that YAPPPIP develop a comprehensive document on companies needing potential investors and reaffirmed their commitment to promoting investment in the state, requesting YAPPPIP's assistance in addressing investor challenges.

This visit marked a significant milestone in solidifying the partnership between YOCCIMA and YAPPPIP, paving the way for future collaborations that will benefit the people of Yobe State.

YOBE STATE AGENCY FOR PUBLIC PRIVATE PARTNERSHIP AND INVESTMENT PROMOTION (YAPPIP)
